

BIG SHOT Jerky & Sausage Gun

By following these easy instructions for using your BIG SHOT Jerky & Sausage Gun, you will enjoy years of delicious homemade jerky.

READ THE ENTIRE JERKY MAKING INSTRUCTIONS ENCLOSED BEFORE STARTING.

BIG SHOT Jerky & Sausage Gun includes a heavy duty, large capacity barrel, three stainless steel nozzles, a cleaning brush for the barrel, Jerky Cure and Seasonings for 2 lbs. of ground meat and complete jerky making instructions. Jerky Screen not included.

USING THE BIG SHOT JERKY & SAUSAGE GUN

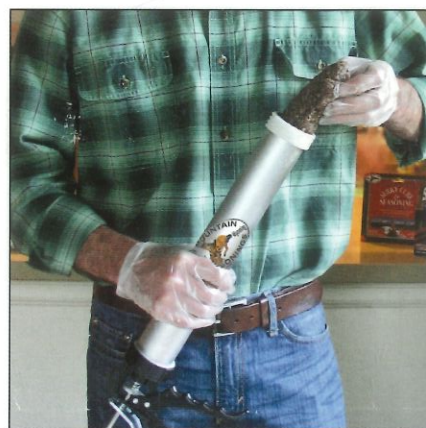

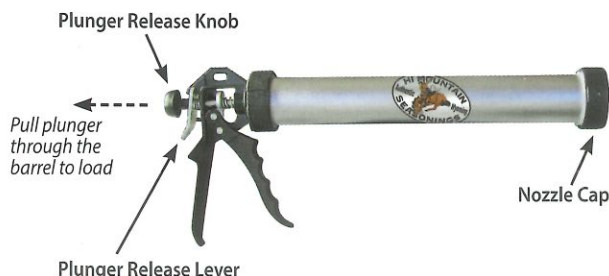

- Read the enclosed instructions for making jerky from ground meat.
- Pull the plunger through the barrel from the back of the gun by holding the release lever down and pulling gently on the plunger knob.
- Unscrew the nozzle cap at the end of the barrel. Take about a cup of seasoned meat at a time and form it into a roll small enough to fit into the barrel of the gun. Repeat until the barrel is full.
- Choose a nozzle, put it through the black cap and screw the cap on to the end of the barrel.
- Spray or brush the Jerky Screen with a light coat of oil.
- Pull the trigger gently and squeeze strips or sticks on to your Jerky Screen.
- Place Jerky Screen in your oven, smoker or BBQ.

Using the Sausage Stuffing Nozzle

- Slip casing onto sausage stuffing nozzle and tie a knot at the end of the casing.
- Use only enough pressure to fill the casing firmly being careful not to over stuff to prevent a break when twisting.
- Stuff to the desired length then twist to create links.

CLEANING THE BIG SHOT JERKY & SAUSAGE GUN

Use hot soapy water to clean the components. A brush is included to clean the inside of the barrel. Dry thoroughly after cleaning. Do not put components in the dishwasher.

Place roll of meat into the barrel of the gun.

Squeeze strips or sticks on to your Jerky Screen.
