SAVOR THE FLAVOR OF THE WILD WEST

NEW BOTTLE SIZES &
SAUSAGE KITS!

WESTERN TRADITIONS

Our products make it easy and convenient for folks to make home made meals, smoked meats and meat snacks. Once customers find their favorite products, they become loyal customers!

We continue to highlight the bigger bottles for Western Style Seasonings by featuring the art of Newell Convers Wyeth (1882 – 1945), a painter who became one of America's most well-known artists. Two

of our Western Style Seasonings are designed with the art of Wyeth. Cajun Cowboy is "The Pay Stage" and Trail Dust features "Covered Wagons Heading West".

Wyeth brought the Old West to life with paint and canvas. Hi Mountain captures the flavor of the Old West with our products - two exceptional ways to celebrate Western Traditions!
