# WESTERN TRADITIONS

Our products make it easy and convenient for folks to make home made meals, smoked meats and meat snacks. Once customers find their favorite seasonings, they become loyal customers!

To announce the new bigger bottles for the Western Style Seasonings we are featuring the art of Newell Convers Wyeth (1882 - 1945), a painter who became one of America's most well-known artists. Two

of our Western Style Seasonings are designed with the art of Wyeth. Cajun Cowboy is "The Pay Stage" and Trail Dust features "Covered Wagons Heading West".

Wyeth brought the Old West to life with paint and canvas. Hi Mountain captures the flavor of the Old West with our products - two exceptional ways to celebrate Western Traditions!
